LOOK BOOK

A modern office interior featuring a large living wall on the left, a reception desk with a concrete and dark wood finish in the center, and a lounge area with a sofa and a round ottoman on the right. Large windows in the background offer a view of a city skyline. The floor is made of light wood with a pattern of dark hexagonal tiles near the desk.

OUR JOB IS TO MAKE YOUR
EXPERIENCE EASY BY USING

THANK YOU FOR CHOOSING US	31

A modern office interior with exposed brick walls, large windows, and wooden desks. The space is bright and airy, with natural light streaming in from the windows. The office is furnished with ergonomic chairs and modern lighting fixtures. The overall aesthetic is clean, professional, and collaborative.

Collaboration is key
to providing you with
not only a functional,
but affordable interior
solution.

TRUST. QUALITY DRIVEN. CUSTOMER FOCUSED.

Our mission is one of service to
our customers and community;
it is at the heart of what we do.

Therefore, we employ only
those who share our passion
of excellence, honesty and
servitude.

VALUE OF INTEGRITY

Our clients interest comes first by treating your space as we would our own. Collaborating is key to achieving our clients goals and dreams within the proposed budget and work diligently to make every client happy.

VALUE OF CREATIVITY

We transform ideas and dreams into functional reality beyond expectations. We pay close attention to the smallest detail in the selection of the products, materials and colors that will make up the interior spaces our clients dream of.

VALUE OF QUALITY

Our team members are committed to providing every client with personal services and attention, starting before the design pencil is picked up until after the last bolt is tightened.

SERVICES

DESIGN + SPACE PLANNING

Whether you're renovating existing space or planning new construction, our interior design staff offers aesthetic advice that incorporates work habits, clientele, branding and productivity needs into your furniture selection.

PROJECT + MOVE MANAGEMENT

Our project coordinators and procurement team have over 125 years of experience in fulfilling timely and accurate orders across over 500 manufacturers. This team brings a customer experience and organization structure that makes all of our clients feel confident throughout the process.

ASSET + INVENTORY MANAGEMENT

Furniture is a considerable investment for any organization and it's important that it is tracked. You can't manage what you can't measure. Establishing an inventory management system for furniture starts with an active database.

SERVICE + WARRANTY

Whether you have a small service need or a warranty question, our business matters to us that is why we extend our assistance beyond our normal call of duty

DELIVERY/INSTALLATION +

RECONFIGURATIONS

Our installation team has industry recognized; certified installers versed in every product offering. We have the flexibility to handle any of our customers' needs and projects on short notice as well as longer term projects that involve special considerations.

LEASING + FINANCE SOLUTIONS

Leasing provides a cost-effective alternative to buying equipment outright. In fact, today it's possible for a small business to lease almost everything it needs, from computers to copiers to office furniture. Your line of business, financial situation, and equipment needs all play a role in deciding whether leasing is the right option for you.

ERGONOMIC EVALUATIONS

Ergonomics are about the environment within which one works and how that person is able to complete tasks within it. The tools used by employees to carry out their job requirements and their ability to work within a space that is ideal for them to do their job are worth the investments because ergonomics are proven to reduce costs, improve productivity, improve quality, improve employee engagement and create a better safety culture.

The background of the image is a close-up, slightly blurred photograph of architectural blueprints. A red pencil is positioned diagonally across the upper half of the image. In the lower half, a white ruler is visible, showing measurements in inches and centimeters. The blueprints contain various lines, dimensions, and technical notations, including the text 'C25/30' and '2000'.

STIMULATE CREATIVITY, COLLABORATION, AND COMMUNICATION

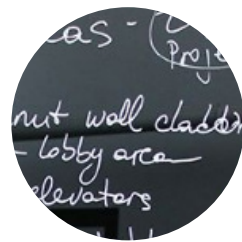

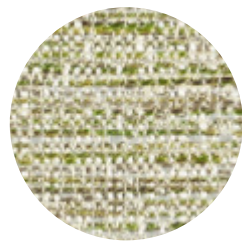

- A. OFGO Studios My Zone
- B. Gen2 Walls and Gen2 Work
- C. Tayco Cosmo
- D. Office Master Lórien® Collection

Today there is less space dedicated to the individual worker. Gone are the cubicle farms of the past. The use of laptops, smart phones and Wi-Fi connections equate to more work getting done outside of a cubicle.

Collaborative task spaces are achieved with flexible design, with areas of furniture that can be easily adjusted to foster both creativity and productivity.

E. Global Stream, Novello and 2gether
F. Trinity Langton Seating

F

Government entities require office space allocation to be consistent. Developing a set of standards can optimize the functionality of these spaces with a cost-effective approach. These standards provide suitable office accommodations to each department and staff, providing flexibility and seamless adaptation to changes within various programs and staff.

EDUCATION

A

EDUCATIONAL PATTERNS + SPATIAL RELATIONSHIPS

B

Educational facilities are becoming more specialized, emphasizing active learning, social engagement and mobility.

A. HON Cliq and SmartLink

B. ERG International Mingle, Vella, Elliot Jr.

A focus on learning rather than teaching allows us to reevaluate classrooms and to consider informal spaces for learning.

It's essential to design for factors such as the availability of food, comfortable chairs, and furniture that supports a variety of learning activities and age ranges.

DEMOUNTABLE WALLS

FLEXIBLE SPACES CREATE ENDLESS OPPORTUNITIES

Also known as architectural walls, demountable walls can offer simple solutions when it comes to maximizing floor space. There's no need for demolition or construction and can be installed in a matter of hours, minimizing downtime and disruption to employees.
